

Laracon US 2015

Sponsorship Opportunities

Email: taylor@laravel.com

Overview

Laracon US is an annual gathering of web developers at the forefront of their field. Laracon gathers developers and companies who are passionate about building amazing applications with the Laravel PHP framework

For 2015, we expect over 300 developers, project managers, and business owners to gather in Louisville to learn about a variety of topics related to professional web development.

The Laravel PHP framework is a leading PHP framework—the most popular PHP project on GitHub, and boasts a Twitter following of over 30,000 developers. Sponsoring Laracon is the premiere way to get your brand in front of the entire Laravel audience—not just developers at the conference, but also those watching along online.
